Provide chlorine test strips (white strips that turn purple) for testing the sanitizer concentrations of the warewash sinks and the sanitizer buckets.

Discontinue placing towels underneath the drying racks. If needed, place smooth and cleanable trays underneath the racks to catch water. The trays and the rack must be cleaned daily.

Remove the soap dispenser at the warewash sinks.

Provide a covered wastebasket for the women's restroom.

There are two Hotpoint stoves in the kitchen. These stoves may not be used for cooking. They may only be used to warm food from the caterer when needed. When the units fail, they will need to be replaced with a commercial sanitation listed unit.

The two small white GE freezers in the kitchen must be put on legs. When the unit fails, replace with a commercial sanitation listed unit.

Have the wood shelves in the back area sealed.

Food is catered from Milwaukee Center For Independence.
